Parent Handbook

2026-2027

ACCREDITED cognia
NCA CASI | NWAC | NEASC CASI

Great Place To Work.

Parent Handbook
ENS 2026-2027

- **Our Vision**
  Shaping future leaders through educational excellence

- **Our Mission**
  Developing student potential through an advance student centric educational eco-system focused on their future readiness, rooted in cultural heritage and identity.

- **Our Values**
  Excellence / National Belonging / Integrity & Fairness / Global Perspective

- **Our Attributes**
  Inquirers: We nurture our curiosity, developing skills for inquiry and research. We know how to learn independently and with others. We learn with enthusiasm and sustain our love of learning throughout life.

  Knowledgeable: We develop and use conceptual understanding, exploring knowledge across a range of disciplines. We engage with issues and ideas that have local and global significance.

  Thinkers: We use critical and creative thinking skills to analyze and take responsible action on complex problems. We exercise initiative in making reasoned, ethical decisions.

  Communicators: We express ourselves confidently and creatively in more than one language and in many ways. We collaborate effectively, listening carefully to the perspectives of other individuals and groups.

  Principled: We act with integrity and honesty, with a strong sense of fairness and justice, and with respect for the dignity and rights of people everywhere. We take responsibility for our actions and their consequences.

  Open-minded: We critically appreciate our own cultures and personal histories, as well as the values and traditions of others. We seek and evaluate a range of points of view, and we are willing to grow from experience.

  Caring: We show empathy, compassion, and respect. We have a commitment to service, and we act to make a positive difference in the lives of others and in the world around us.

  Risk-takers: We approach uncertainty with forethought and determination; we work independently and cooperatively to explore new ideas and innovative strategies. We are resourceful and resilient in the face of challenges and change.

  Balanced: We understand the importance of balancing different aspects of our lives — intellectual, physical, and emotional — to achieve well-being for ourselves and others. We recognize our interdependence with other people and with the world in which we live.

  Reflective: We thoughtfully consider the world and our own ideas and experiences. We work to understand our strengths and weaknesses to support our learning and personal development.

Emirates National Schools

1. Introduction

Dear Emirates National Schools community,

It is with pleasure that I extend a warm welcome to you as the Director General of Emirates National Schools (ENS). Pleased to present this Parent Handbook which you should find helpful as you use it to become familiar with the programs, activities, policies, and procedures of ENS.

At ENS, we pride ourselves on having schools where staff and students feel safe, have a sense of belonging, are treated with respect and have the right to learn and flourish. They are in a school where we build people who care, where we are united in purpose, where everyone matters, where everyone succeeds, and no one is left behind. We are a community of collaborative professionals who are committed to learning from each other in order to improve student outcomes. Where our collective professionalism creates deep dialogue or even heated debate about the best ways to support our students. We believe all students can succeed and we are prepared to make sure that they do, as if they are our own children. At our core is a focus on high performance in all areas.

Emirates National Schools were formed by Presidential Decree and is owned by the Presidential Court. ENS first opened its doors in 2002 in Mohammed Bin Zayed City. Since 2002, ENS has grown to six campuses. Three campuses serve the Emirate of Abu Dhabi with locations in Mohammed Bin Zayed City, Al Ain City, and Abu Dhabi City. ENS also includes campuses serving the Emirates of Sharjah, Ras Al Khaimah and Dubai. The curriculum is delivered through the International Baccalaureate Organization framework for the Primary Years Programme (PYP), Middle Years Programme (MYP) and Diploma Years Programme (DP) along with the American Common Core Standards in English, Math, and Science. ENS also offers College Board's Advanced Placement (AP) courses for grades 11 and 12. In conjunction with this ENS delivers the United Arab Emirates Ministry of Education program for Arabic, Islamic and UAE Social Studies.

To me the approach to learning is remarkably simple. Put talented and diverse people together with skilled and dedicated adults with support from engaged and committed families and you create extraordinary results that speak for themselves. It is a culture where students at all levels say it is "cool to do your best" or "cool to be smart" and where mathematicians, athletes, writers, and musicians all thrive side-by-side working together, building a community of life-long learners. Working alongside teachers who have passion for their subjects, passion for their students and are passionate about making a difference in the lives of the students they teach. Together we are unstoppable. Please join us on this remarkable journey.

Let me leave you with this quote:
"We are building a new reality for our people, a new future for our children, and a new model of development"
HH Sheikh Mohammed Bin Rashid Al Maktoum

Sincerely,

Lachlan MacKinnon
Director General
Emirates National Schools

2. Academic Information

A) Curriculum Standards

The standards implemented by ENS are the UAE National Curriculum Standards and Colorado Academic Content Standards. The UAE Ministry of Education provides the UAE National Curriculum Standards. These standards are used for Arabic, Islamic Studies, and UAE National Studies subjects. The Colorado Academic Content Standards are used in English Language Arts, Mathematics, Science, Visual and Performing Arts, Physical Education, Computer Science and Social Studies.

B) Educational Programs

The following Emirates National Schools (ENS) campuses (Al Ain City, Abu Dhabi City, MBZ City, Sharjah, and Ras Al Khaimah) offer a comprehensive American curriculum and are authorized International Baccalaureate (IB) World Schools. These five established campuses provide the full continuum of IB programmes: the Primary Years Programme (PYP), Middle Years Programme (MYP), and Diploma Programme (DP). Our Dubai (DXB) campus, as the newest addition to the ENS group, currently delivers the same rigorous and high-quality US curriculum. This campus is in its early phase of development and is dedicated to expanding its program offerings in alignment with the school's continuous commitment to educational excellence.

The IB Diploma Programme courses for students in grades 11 and 12 allow students to enroll in a rigorous curriculum. These courses prepare students to take international external exams that will grant them advanced standing in colleges and universities. Students who complete the entire IB Diploma Programme are usually provided with preferred admittance to many of the most prestigious colleges and universities in the world. The IB Diploma or IB Course Certificates may be awarded by the International Baccalaureate Organization in addition to the ENS diploma.

C) Advanced Placement Program

ENS has developed a program of study for secondary students featuring college-level curriculum courses, which prepares students to take national exams. Successful course completion will grant them high school credit and advanced standing in colleges accepting College Board Advanced Placement (AP) coursework with a passing AP exam score. Colleges in 53 countries accept Advanced Placement for college credit. Course options in English, Mathematics, Science, Social Studies, World Languages, and Art may be offered, pending minimum registration requests.

D) UAE Equivalency Requirements

High School diplomas are recognized for UAE equivalency if the following conditions are met:

- **Islamic Education and Arabic Language**

Students should complete the course expectations set by the Ministry of Education in Grades 9-12. In Grade 12, they must successfully pass the Ministry of Education Arabic Language assessment, and Muslim students must additionally pass the Ministry of Education exam for Islamic Studies.

- **Required Documents**
  Students must submit the following documents covering the last three academic years:
  - Graduation certificate
  - Transcripts for Grades 10, 11, and 12

- **Curriculum-Specific Requirements: American Curriculum**

  - High School Diploma
  - Grade 12 Transcript
  - Grade 11 Transcript
  - Grade 10 Transcript

Students must pass **five approved academic subjects**. Arabic Language and Islamic Education are **not** counted among these approved subjects. Please contact your school to confirm which subjects qualify.

Gr. 12 students shall pass:

a. One of the following tests (English Tests):
   - TOFEL (iBT) with a minimum score of 61 Or
   - IELTS Academic with a minimum score of 5.0

b. SAT 1 – Math Reasoning Test with a minimum score of 450

If the English or Mathematics requirements are not met, a **limited equivalency** will be issued.
Please contact the Academic and Career Counselor at your campus for more detailed information about Additional Equivalency Requirements.

Pathway 1: IB Diploma

Students must provide the following:

- IB Diploma Certificate
- IB Diploma Transcript
- Subjects studied must be among those listed in the official IB approved subject lists.
- **Islamic Education is excluded from the subject count** required for the diploma, **but it remains a mandatory requirement for Muslim students**. Please refer to the **UAE Equivalency Requirements** section for full details on Islamic Education expectations.

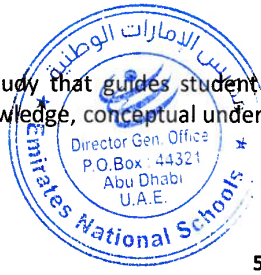

Pathway 2: IB Subject Certificate

Students must provide the following:

- IB Subject Certificate
- Completion of **six subjects** at either **Standard Level (SL)** or **Higher Level (HL)** with a **minimum score of 3** in each subject and a **total score of at least 21**.
- These subjects must include **English**, **Mathematics**, and **one Science subject**.
- **Islamic Education is excluded from the subject count** required for this pathway, **but it remains a mandatory requirement for Muslim students**. Please refer to the **UAE Equivalency Requirements** section for full details.
- All subjects must be listed in the official IB approved subject lists.

E) Course Syllabi and Program of Inquiry

Kindergarten through Grade 5 classes use an inquiry-based program of study that guides student learning through thematic units of instruction. These units are designed to build essential knowledge, conceptual understanding, and key learning skills (Approaches to Learning).

For Grades 6 through 10, all courses are supported by comprehensive subject syllabi and subject overviews detailing the content, learning outcomes, and assessment methods. These overviews are available upon request.

Detailed descriptions for all Grades 9 through 12 course offerings, including prerequisites and academic rigor, can be found in the Course Catalog, which is available for review upon request.

Specific information related to the instructional units is communicated through the school's adopted learning management system, Toddle, and through letters home and the official social media platforms. Please contact the Academic and Career Counselor or the Principal/Head of School for more information.

F) Student Grade Level Classification

At ENS, students are placed in grade levels by age and admission criteria. According to the Ministry of Education, students may be enrolled based on age as follows: Children must be a certain age by **December 31st** of the academic year to enter each grade. This admission approach ensures that students have access to a developmentally appropriate instructional program.

The minimum age requirements are as follows:	
Grade Level	**Approximate Age Range**
Pre-K	3
KG1	4
KG2	5
Grade 1	6-8
Grade 2	7-9
Grade 3	8-10
Grade 4	9-11
Grade 5	10-12
Grade 6	11-13
Grade 7	12-14
Grade 8	13-15
Grade 9	14-16
Grade 10	15-17
Grade 11	16-18
Grade 12	17-19

G) Student Schedule Changes

Changes in class schedules in Middle School and High School are dependent upon the following criteria:

- Program requirements
- Level appropriacy to ensure student success
- Availability of courses due to insufficient enrollment or course being full
- Completion of course pre-requisites
- Academic review of the ICAP (Individual Career and Academic Plan) to ensure students are enrolled in the appropriate courses for their selected pathways and equivalency

No change will be made until the student meets with an Academic and Career Guidance Counselor and the request is approved by the Campus Principal or designee.

مدارس الإمارات الوطنية
Director Gen. Office
P.O.Box : 44321
Abu Dhabi
U.A.E.
Emirates National Schools

Changes in class schedules in Kindergarten and Primary School:

Parents who wish to change their child's primary school homeroom teacher must submit a request to the Head of the School or Campus Principal for consideration within the first two weeks of school. Appeals on decisions made must first be heard by the Head of School before a final appeal may be held by the Campus Principal.

Request to Change Primary School Homeroom Teacher

Requests to change a child's homeroom teacher in the Primary Years Programme (PYP) must be submitted in writing to the **Head of School** or **Campus Principal by the end of the previous academic year for the new school year (specific date to be shared by each campus individually)**. Requests submitted after this period will **not be considered**, except in cases of exceptional circumstances, which must be documented and approved by the Head of School.
Please note:

- Homeroom allocations are made based on a range of strategic factors including **individual learning needs, Arabic language ability groupings**, and **class size balance**.
- The school reserves the right to **decline any request** that compromises the integrity of the class distribution or the learning environment.

Appeals Process:

- If a request is denied, parents may submit a formal appeal to the **Head of School**.
- A final appeal may be submitted to the **Campus Principal**, whose decision will be considered final.

Emirates National Schools

3. The School Day

A) Assemblies

Assemblies are a vital part of the school day and are essential for promoting a strong sense of community. Student attendance is an expectation of both the educational authorities and the school. These gatherings provide a platform for students to perform, share their learning, and participate in presentations planned by teachers and peers.

Each assembly begins with a recitation of the Holy Qur'an and the National Anthem, followed by presentations, special announcements, and the recognition of awards. Parents may be invited to attend special assemblies; these events are approved by the Campus Principal and/or Heads of School and will be communicated in advance.

Fundamentally, assemblies are how the school community meets to share valuable experiences. These gatherings – which also include daily prayers and the presentation of the noble Hadeeth in English and Arabic – are essential to the school's culture. They are a primary way ENS creates a positive, reflective ethos and promotes its values-based education, incorporating the IB learner profile with a focus on identity and innovation.

Assemblies serve three primary goals:

- Celebration and Recognition
- Education and Information
- Motivation and Inspiration

Staff encourage active student involvement and model positive attitudes for students to emulate. Assemblies also serve as opportunities for community building, peer-to-peer learning, and hearing from guest speakers. A key focus of assemblies is the development of student-initiated action, leadership qualities, and the "Approach to Learning" skills required for presenting to large audiences.

B) School Day Schedule

Campus	ADC/MBZ/AAC/RAK/DXB		SHJ
Days	M-TH	F	M-TH
Starting Time	7:30	7:30	7:30
Ending Time	2:45	11:00	3:05

The timetables for each school may vary. Please consult with your school for a more detailed timetable. National curriculum time requirements, IB program requirements, and Carnegie unit requirements determine the number of minutes given to any subject in a week.

A) Student Attendance

Regular school attendance and punctuality are essential for a successful school experience. Attendance is a shared responsibility between parents and the school.

Parents must report any absence via phone or email **before 7:30 a.m.** on the day of the absence. All students are required to attend school except in specific excused cases, such as documented illness, religious holidays, or significant family emergencies.

All procedures regarding attendance, absences (excused and unexcused), make-up work, and the mandatory Ministry of Education (MOE) reporting guidelines are detailed in the **Student Code of Conduct Policy (SCOC, Appendix A)** .

Director Gen. Office
P.O.Box : 44321
Abu Dhabi
U.A.E.
Emirates National Schools

Attendance Policy (K-12)
This policy has been updated for the 2025-2026 academic year in accordance with the new regulations issued by the relevant education authorities.

Our Goal

To provide the best possible education, it's vital that students attend school daily and arrive on time. This policy encourages good attendance, as regular classroom participation is necessary for learning. Attendance is a shared responsibility between parents and the school. This policy statement has been developed to encourage good attendance and discourage tardiness. Our goal is to maximize every student's opportunity to learn.

Attendance Evaluation

Student cumulative attendance will be categorized according to the following performance bands:

- Outstanding: 98% and above
- Very Good: 96% – 97.9%
- Good: 94% – 95.9%
- Acceptable: 92% – 93.9%
- Weak: 90% – 91.9%
- Very Weak: Below 90%

Drop-Off and Pick-Up Protocols

To ensure the safety, wellbeing, and appropriate supervision of students across all ENS campuses, the following protocols apply to all drop-off and pick-up procedures:

- **Supervised Drop-Off Requirement**
  Parents or guardians must not leave their child unattended at the school gate or premises unless a designated member of academic or administrative staff is physically present to receive the child.

  Repeated instances of unsupervised drop-off will be logged as a safeguarding concern and referred to the Child Protection and Safeguarding Team.

- **Earliest Drop-Off Time**
  Students may not be dropped off earlier than 45 minutes before the official start of the school day.

  Parents are responsible for ensuring that drop-off occurs within the designated supervision window. A member of staff must be present to directly supervise the student. A member of SLT should be on school grounds.

- **Latest Pick-Up Time After School**
  Afterschool supervision is provided for a maximum of 90 minutes after the official end of the school day.

  Repeated late pick-ups beyond this window will be logged as a safeguarding concern and may trigger a formal review by the Child Protection and Safeguarding Team. A member of staff must be present to directly supervise the student. A member of SLT should be on school grounds.

Director Gen. Office
P.O.Box : 44321
Abu Dhabi
U.A.E.
Emirates National Schools

- **Unaccompanied Arrival and Departure**
  Students below the age of 15 are not permitted to arrive at school or leave the school premises unaccompanied by an authorized adult.

- **Notification for Arrival**: Schools are required to establish a system to record and notify parents of student arrival times, particularly for unaccompanied students in Cycle 3.

- **Accompanied Students**: Parents are also authorized to request notification of arrival times for accompanied students in any grade below Cycle 3

- **Independent Self-Transport for Students Over 15:** Only Cycle 3 students are permitted to travel to and from school independently using non-school transport.

  - Parental Obligation: By receiving this handbook from school, parents explicitly acknowledge that the school's legal supervision and liability apply only while the student is on campus. Parents take full, formal responsibility for educating their child on pedestrian road safety and managing the risks associated with independent travel.

- **Accompanying Younger Siblings:** Children under the age of 15 are prohibited from walking home alone or using private taxis/ride-shares unaccompanied.

  - Parental Obligation: An elder sibling is only permitted to pick up or accompany a younger sibling if the elder sibling is 15 years of age or older (cycle 3). Parents must submit an official, written authorization/consent form to the school. This document confirms that the parent has vetted the older child as capable, mature, and fully aware of the responsibility of safeguarding their siblings.

- **Scooter Rules & General Transport Safety Awareness:** Prohibition Rule: Anyone below 15 years old is completely prohibited from using personal transportation like electric scooters or bicycles to commute to or from school solo, as they cannot travel unaccompanied. Only students eligible for independent travel (Cycle 3 / over 15) may use them.

  - Waiver Specifics: For older students who do use scooters or bicycles, parents must sign a targeted liability waiver detailing the specific safety risks tied to that mode of travel.

  - Safety Awareness Integration: Schools incorporate school bus, personal, and pedestrian safety awareness by implementing school bus transportation policy ensures that all students utilizing public or personal transport are trained to understand and abide by traffic safety regulations.

Absences

Excused Absences

- **Medical appointments scheduled prior to the absence**: Will require a doctor's note for the student's attendance file.
- **Religious holidays**: A parent's note is required for the student's attendance file
- **Death of a first- or second-degree relative**: A parent's note is required for the student's attendance file.
- **Official community tasks** or mandatory appearances before an official body.
- Essential, **urgent family travel** for matters such as medical care or a death in the family.
- **Illness**: For absences of up to **3 consecutive school days**, parents must submit a daily parent-written sick note. The absence will be recorded as unauthorized otherwise. On the **fourth consecutive day** of absence

Director Gen. Office
P.O.Box : 44321
Abu Dhabi
U.A.E.
Emirates National Schools

(including weekends), parents must submit a sick leave certificate from a physician licensed by the relevant health authorities. The absence will be recorded as unauthorized otherwise. Schools will authorize a maximum of **12 annual school days** of medical absence without a certificate from a DOH-licensed physician.

- **Competitions/ Events**: Parents must provide proof of participation, detailing the dates and duration.
- **Government-mandated closures**
- **Accommodations for Students with ALN:** The school authorizes absences for students with Additional Learning Needs (ALN) when required for medical or therapeutic support. This includes agreed-upon adjustments to a student's daily schedule. The concerned relevant education authorities must be notified accordingly. Parents must be counseled on how the missed school time may affect their child's academic progress and – for older students – credit hours.

Unexcused Absences:

These are absences that do not meet the criteria for an excused absence. They include, but are not limited to:

- Family vacations during the school term.
- Non-Medical appointments.
- A student who is absent from school without prior notice from the parents.
- Absence for any other reason that does not meet the criteria of an excused absence.

Note: If any pattern of absence leads to reasonable suspicion of student maltreatment (neglect), the school will report it in line with its Child Protection and Safeguarding Policy and the relevant external governing authorities.

Campus-Specific Procedures:

1. ***For Abu Dhabi Campuses - ADC, MBZ, AAC (ADEK Jurisdiction):***
   - **Study and Examination Leave:** Leave for board and pre-collegiate examinations is authorized for up to **4 weeks annually**, but it must be **approved by ADEK in advance**. During any approved study leave period, the school will remain open and provide adequate support for students who are not taking leave.
   - **Illness:** For absences of up to 3 consecutive school days, parents must submit a daily parent-written sick note. The absence will be recorded as unauthorized otherwise.

     On the fourth consecutive day of absence (including weekends), parents must submit a sick leave certificate from a physician licensed by the relevant health authorities. The absence will be recorded as unauthorized otherwise.

     Schools will authorize a maximum of 12 annual school days of medical absence without a certificate from a DOH-licensed physician.

   - For students with **chronic medical conditions** who may require more than 12 days of absence, parents must submit medical reports from a DOH-licensed physician. The school will consider these cases at its discretion.

مدارس الإمارات الوطنية
Director Gen. Office
P.O.Box : 44321
Abu Dhabi
U.A.E.
Emirates National Schools

Absenteeism Thresholds and Interventions

The school monitors student attendance based on total absenteeism, which combines both excused (authorized) and unexcused (unauthorized) absences. The school is required by relevant education authorities to intervene when the following thresholds are met:

- **Grades 1-12 (Cycle 1-3):**
  - A student with a total absence rate above 5% (approximately 9 days) is identified as a "cause for concern".
  - The school will then determine if the student is at educational risk and may implement an intervention plan in line with the ADEK School Educational Risk Policy.
- **Kindergarten:**
  - For a student with a total absence rate above 10% (approximately 18 days), the school will engage with parents to advise them on the negative impact of persistent absence on student learning.

For Sharjah Campus (SPEA Jurisdiction):

In accordance with SPEA regulations, students may not be promoted if they exceed:

- 15 consecutive days of absence
- 30 total days of absence during the academic year
- These thresholds apply regardless of whether absences are excused or unexcused.
- Schools must notify SPEA and initiate a formal review before denying promotion.

For RAK Campus (RAKDOK Jurisdiction):

The following escalation process must be followed before expulsion is considered due to absenteeism:

- A student must receive one official written warning for every five days of unexcused absence.
- Expulsion may only be considered after **three such warnings** have been issued. Accumulating more than 10 consecutive days or 15 non-consecutive days of unexcused absences during the academic year can be a ground for expulsion/ non-re-enrolment.
- All decisions must be reviewed by the school's Student Behavior Management Team and approved by RAKDOK.
- This process ensures compliance with RAKDOK's Student Suspension and Expulsion Policy and the UAE Ministry of Education's Code of Conduct.

Early Release Procedure

We strongly encourage you to schedule appointments outside of school hours to maximize your child's learning time. However, if an early release is unavoidable for a medical reason or emergency, please follow this procedure:

1. **Notify the School in Advance:** Please send a **written note or an email** to the school office before the day begins. The notice must include your child's full name, the reason for the dismissal, and the exact time they need to be released.
2. **Sign Out from the Office:** An **authorized adult** (a parent, guardian, or designated emergency contact) must come to the school office to formally **sign the student out** before leaving campus. For safety, students will not be released without this step.
3. **Manage Missed Work:** It's the **parent's responsibility** to request and oversee the completion of any **missed assignments**. You can ask the teacher to email the work or post it on the learning platform.

Students with Additional Learning Needs (ALN) may be granted early dismissal under the following conditions:

- If the student's **Documented Learning Plan (DLP) / Individualized Education Plan (IEP)** explicitly stipulates a need for reduced school hours or early dismissal due to sensory, medical, or emotional regulation needs. This must be indicated through the students' needs evaluation/ psychoeducational assessments.

Gen Office
P.O.Box: 44321
Abu Dhabi
U.A.E.
Emirates National Schools

- A **staggered transition plan** toward full-time attendance must be developed and documented by the Inclusion Department in collaboration with the parent/guardian and the student's therapeutic team.
- If early dismissal is required for **external therapy or medical treatment**, this must be clearly documented in the student's DLP/IEP and supported by a licensed professional. There should be an official letter of appointments date and timings as well as duration and this must be submitted to the school by the parents.
- All early dismissals must be logged and reviewed regularly by the Inclusion Departments and the Student Behavior Management Team to ensure alignment with the student's educational progress and wellbeing. Submission of regular early dismissal requests/notifications should be logged with relevant private education authorities as per their guidelines.

Tardiness

Being on time is a critical life skill. Tardiness disrupts the learning environment for all students and prevents teachers from starting lessons promptly.

- **Definition:** A student is considered tardy if they are not physically in their classroom by 7:45 am.
- **Consequence:** Every three (3) instances of tardiness will be recorded as one (1) unexcused absence.
- **Connection to Policy:** These accumulated unexcused absences are addressed through the mandatory, escalating procedures outlined above.

Student's Responsibilities

Make-Up Work

It is the **student's responsibility** to get and complete all assignments missed during an absence.

- **Deadlines:** Students are given **one school day to make up work for each day they were absent**. For example, if a student misses two days of school, they have two school days upon their return to submit the missed work.
    - **Pre-Arranged Absences:** For any pre-arranged absence that is not related to medical procedures, all missed work is **due on the day the student returns** to school.
- **Grading:** Any assignment not completed within the allowed time will be graded as a zero.

Administrator's Responsibilities

The school administration is responsible for the consistent and fair implementation of the attendance policy. Key duties include:

- **Monitoring**: Actively monitoring student attendance records to identify patterns of absence or tardiness.
- **Daily Communication**: Ensuring that parents are notified of any unexcused absence on the day it occurs through the school's official communication channels (e.g., daily calls, SMS, or email).
- **Implementing MOE Procedures:** Strictly following the mandatory Ministry of Education (MOE) procedures for unexcused absences, including issuing all required written notices and warnings.
- **Intervention Meetings:** Scheduling and leading the mandatory parent meeting after five days of unexcused absence to develop a proactive attendance intervention plan.
- **Official Referrals:** Managing all required referrals to the school's Child Protection and Safeguarding Team and, when necessary, to the Ministry of Education, as stipulated by the official guidelines.

G) Co-Curricular and Enrichment Program

Philosophy and Goals

The ENS Co-Curricular Program is an essential component of our holistic IB educational model. These programs run parallel to the academic curriculum, providing students with meaningful opportunities to apply their learning, discover new interests, and stimulate their overall growth.

The program is designed to create experiences that extend and support classroom learning while fostering cooperation, teamwork, and positive social relationships. The primary goals are to develop student self-confidence,

leadership skills, and a practical understanding of how to live safe and healthy lives, all while respecting the values and cultural heritage of the UAE. All programs support the IB requirements for Action (PYP), Service as Action (MYP), and Creativity, Activity, Service (CAS) in the DP.

Program Eligibility and Expectations

Participation in the ENS Co-Curricular Program is a privilege extended to students who demonstrate commitment to the school's values. To represent the school in athletic competitions, leadership roles, or other programs, students are required to maintain good academic standing and adhere strictly to the behavioral standards outlined in the **ENS Student Code of Conduct Policy**.

Program Components

Our co-curricular offerings are structured around three main areas:

1. **Academic Co-Curriculars:** Activities directly connected to academic classes. These include student governance and leadership, musical and drama activities, speech and debate, academic competitions, and academic-support field trips.
2. **Athletics:** ENS offers a range of age-level athletic teams and competitions within the school and against other schools. Depending on campus facilities, offerings may include basketball, rugby, martial arts, volleyball, soccer (football), swimming, and track and field.
3. **Enrichment Clubs and Activities:** These activities are focused on specific student interests and may include arts and crafts, book clubs, UAE cultural clubs, volunteer initiatives, chess, and many others.

Logistics (After-School Activities)

Many clubs and teams meet during non-instructional times, such as breaks or after school. The formal After-School Activities (ASA) program is designed for students in Grades 1 to 12 as eight-week offerings, providing opportunities to explore interests outside the regular school program. Every activity or club is supervised by an adult sponsor to ensure participant safety.

H) Special Events and Parent Guidelines

Special events are an important aspect of ENS student life, as they enhance student learning, foster cultural identity, and develop international awareness. Examples of events students may participate in are organized into the following key domains:

1) National Identity and Cultural Heritage

These events celebrate the traditions, heritage, and values of the UAE and the Islamic world.

- UAE's National Day, Martyrs' Day, and Flag Day
- Religious Celebrations (such as Eid, Ramadan Activities, Prophet's Birthday, Isra and Mi'raj, and Mid of Shaban)
- National Heritage Day
- Quran and Al Hadeeth Recital Competitions
- The Program of Quran Recital Centers (in collaboration with the General Authority of Islamic Affairs and Endowments)
- Biography of the Prophet Mohammed
- Future Poet and Youla Competitions

2) Academic and IB Showcase Events

These events are directly linked to the curriculum and allow students to demonstrate their learning and mastery of the IB framework.

- **Capstone Projects:** Grade 5 Exhibition, Grade 10 Personal Project, TOK Group 4 Presentations, and the DP Art Exhibition
- **Learning Celebrations:** Celebration of Learning (Student-Led Conferences)

Director Gen. Office
P.O.Box : 44321
Abu Dhabi
U.A.E.
Emirates National Schools

- **Academic Weeks/Initiatives:** Entrepreneurship Week, Arts Week, Arabic Language Week, Reading Month, Reading Initiative, and the International Book Fair

3) Global Citizenship and Community Engagement

These events foster international awareness, service learning, and social responsibility.

- International Day, Earth Day, Mother's Day, and Teacher's Day
- Service Initiatives (such as Support a Charity drives and Preserving the Environment campaigns)
- Community Engagement Events (including the Joint Awareness Project with the National Rehabilitation Center)
- Sports Day

4) Career and University Guidance

Throughout the academic year, the school provides comprehensive guidance events for students in **Grade 8 and higher** to assist them and their parents in selecting a college or university degree program. These initiatives include organizing opportunities to attend university fairs, visiting campuses, and hosting events where high-profile universities provide details on courses of study, campus life, and scholarship opportunities. University representatives are also invited as speakers at various points throughout the year to support students in their planning.

5) Parent Guidelines for Celebrations and Events

Parental participation in school events is highly encouraged. However, parents must adhere to the following guidelines:

- **Birthday Celebrations:** Birthday parties are not permitted at school. For Kindergarten and Lower Elementary classes, parents may coordinate with the teacher to distribute small, inexpensive gifts (one for every child in the class). This requires advance permission from the teacher and the Head of School or Campus Principal.
- **Food and Health Policy:** To ensure student safety and promote healthy habits, school laws prohibit parents from bringing or serving soft drinks, fast food, sweets, or any products containing nuts during school events or for classroom distribution (This aligns with the school's strict nut-free policy).

(I) Field Trip Policy and Guidelines

Educational Philosophy

ENS believes that learning is not confined to the classroom. We provide opportunities for students to deepen their understanding of content and concepts through purposeful, hands-on, real-world experiences. Field trips are a vital part of our inquiry-based curriculum, designed to help students experience real-life applications of their studies while fostering curiosity, cooperation, and social skills.

Policy and Parent Guidelines

To ensure safety and maximize learning, all off-campus field trips are governed by the following policies:

- **Parental Permission:** Specific, written parental consent is mandatory for every field trip. Parents will receive detailed information regarding the itinerary, learning objectives, logistics, and any costs well in advance of the trip date.
- **Safety and Transportation:** All trips are subject to a formal risk assessment by the administration. Students will be transported using official school-provided transportation and will be supervised by ENS staff at all times.
- **Support for Students with ALNs:** If a student has Additional Learning Needs (ALNs) and requires a Learning Support Assistant (LSA) at school, that LSA must accompany the student on the field trip and will be

Emirates National Schools
Director's Office
P.O.Box : 41321
Abu Dhabi
U.A.E.

responsible for their close supervision. Parents must sign a specific consent form acknowledging that the LSA can sufficiently monitor and guide the student in a new, unstructured setting. If the school's Inclusion department determines, after conducting a risk assessment and review of progress, that there will be a significant health, safety, and/or wellbeing risk to the student or others on such an excursion, the field trip/ activity will not be offered to the student.

- **Cost:** If a trip requires a fee to cover entry or transportation, this will be communicated clearly on the permission form. If additional trip fees apply for having a learning support assistant accompany a student with Additional Learning Needs (ALN), parents of the students are to cover the additional costs for the LSA.
- **Behavior and Eligibility:** Participation in field trips is a privilege. All students represent Emirates National Schools while off-campus and are expected to adhere strictly to the Student Code of Conduct Policy at all times. Participation may be denied at the discretion of the Head of School or Campus Principal based on a student's prior behavioral record or academic standing.

J) Official Communications and Announcements

Official school communications - including announcements for special events, parent-teacher conferences, trips, and other activities - are distributed through primary channels, including the school's adopted Learning Management System (Toddle), official email, and SMS messages. Notes in student planners may be used for secondary reinforcement.

All parental inquiries regarding official communications should be directed to the Parent Communication Office (PCO) for their campus.

K) Personal Property, Electronic Devices, and Digital Safety

Students are strongly advised not to bring valuable personal items to school, such as large amounts of cash, expensive watches, or jewelry. Emirates National Schools (ENS) is not responsible or liable for any personal items that are lost, stolen, or damaged on campus.

This liability policy extends to all personal electronic devices, including mobile phones, smartwatches, tablets, portable gaming systems, and personal cameras. Furthermore, to maintain a secure, focused, and productive digital learning environment, ENS enforces the following regulations regarding technology use:

- **Mobile Phones and Smart Devices:** Students are prohibited from using personal mobile phones on school premises during the school day, unless explicitly authorized by a teacher for a specific learning activity. Other SIM-enabled devices, such as smartwatches, should have their communication features disabled while on campus.
- **Code of Conduct Enforcement:** The possession and use of these devices are strictly regulated. The "Unauthorized possession or misuse of a mobile phone or other communication devices during the school day" is a Level 2 Offense. Any student found using personal electronic items in violation of the policy will be addressed according to the Student Code of Conduct, which may include confiscation and search of the device, as well as further disciplinary action.
- **Social Media Restrictions:** The use of social media platforms by students is not authorized in school or during school events, trips and excursions.
- **Network Security:** The use of Virtual Private Networks (VPNs) on school networks or school-issued devices is strictly prohibited.
- **Artificial Intelligence (AI) in Learning:** ENS safely integrates approved AI-powered educational tools to enhance personalized learning. Written parental consent is required before students can use any AI learning platforms that collect or process student personal data.

Director Gen. Office
P.O.Box : 44321
Abu Dhabi
U.A.E.
Emirates National Schools

L) Lost and Found

Parents are strongly encouraged to clearly label all student property, including uniform items, bags, and water bottles.

A "Lost and Found" retrieval area is available in each building. After obtaining approval from a teacher or administrator, students may check this area for lost items. Please note: these retrieval areas are cleared out at the end of each term, and all unclaimed items are donated to charity.

(A) Transportation Service

Student transportation services to and from the school are available through a contracted service provider, and parents may register for this service directly with them.

Students using the bus service are expected to adhere strictly to the transportation rules and the directions of drivers and assistants. These rules, detailed in the **Official Notice: School Bus Transportation Policy (See SCOC),** include mandatory parent/guardian presence for afternoon drop-off. Student conduct on school transportation is a matter of safety and is governed by the Student Code of Conduct. Actions such as disrespecting the driver or supervisor, vandalism, or otherwise endangering the safety of others are considered serious offenses. Failure to comply with behavior expectations may result in disciplinary action, including the temporary or permanent suspension of bus transportation privileges.

(B) Food Services, Nutrition, and Safety

Daily food service (lunch and snacks) is available through the school's contracted provider, and parents may register their student directly with them.

Please visit the "Admissions" page on our website (www.ens.sch.ae) for more information on registration for these services.

Healthy Eating and Nutrition

Philosophy

ENS is committed to promoting the health and well-being of our students by fostering a culture of healthy eating. We believe that good nutrition is essential for student focus, learning, and long-term health. This policy outlines the standards for all food and beverages available on campus to ensure we provide a safe and healthy environment.

Packed Lunches

We ask for parents' partnership in promoting these healthy habits. Lunches brought from home should be well-balanced and nutritious.

- **We Encourage:** Lunches that include fruits, vegetables, whole grains, and lean proteins.
- **We Discourage:** Items with low nutritional value that are not on the prohibited list (e.g., sugary cereals, pastries, processed snacks).

Prohibited Items (Strictly Banned)

To maintain a focused learning environment and ensure student health and safety, certain foods and drinks are prohibited in school and on busses, school excursions and trips, and afterschool ECAs. The details can be found in the ENS Canteen Management and Food Safety Policy.

Choking Hazard Advisory (Pre-K-KG2)

For the safety of our youngest students, we ask parents to be mindful of choking hazards when packing lunches. Please ensure all food is cut into safe, manageable, age-appropriate pieces. Common hazards to be mindful of include:

- Whole grapes
- Cherry tomatoes
- Large or hard chunks of cheese or meat

مدارس الإمارات الوطنية
Director Gen. Office
P.O.Box : 44321
Abu Dhabi
U.A.E.
Emirates National Schools

- Popcorn

School Canteen

The school canteen is required to adhere to the school's healthy eating philosophy.

- All food and beverages offered for sale will meet strict nutritional guidelines.
- The canteen will prioritize fresh, healthy options and will not sell prohibited items (such as soda, candy, or energy drinks).
- A menu will be made available to parents outlining the healthy choices offered.
- List of food-related allergies will be shared with canteen staff

Classroom Celebrations and Shared Food

While we enjoy celebrating special occasions, these events must also align with our health and safety policies.

- **Allergy Safety:** As stated in our allergy policy, all shared food must be **nut-free**.
- **Pre-Approval:** All shared food must be pre-approved by the classroom teacher or administration at least 24 hours in advance.
- **Food-sharing:** To ensure ingredient transparency, shared items must be store-bought and in their original, sealed, and labeled packaging.
- **Healthy Options Encouraged:** We strongly encourage healthy alternatives for celebrations, such as fruit platters, vegetable trays, or non-food items (e.g., stickers or pencils) instead of cakes, cupcakes, or sweets.

Other Recommendations

- Ensure your child eats breakfast and brings a refillable water bottle daily.
- Make sure your child gets 8 to 10 hours of sleep per night.
- Encourage good handwashing practices.
- Sneakers or tennis shoes are required for safe participation in PE/active play.
- Promote and practice active cough and respiratory etiquette (such as covering coughs and sneezes) to decrease the transmission of communicable illnesses.

(C) School Fees

Payment of tuition and educational resource fees can be made to Emirates National Schools by any of the following methods:

- By Cash or Credit/Debit Card at the concerned ENS Campus Cashier.
- By Cheque in the name of Emirates National Schools.
- By Cash Deposit or Bank Transfer to Abu Dhabi Commercial Bank to the concerned Bank Account of 'Emirates National Schools'.
- By E-Services Payment through the school's website (https://eservices.ens.sch.ae).
- By E-Services IOS and Android Application (https://www.ens.sch.ae/parent-guide/e-service).

Please visit the fees page on our website for detailed information regarding fees and refund policies.

5. Scholarship Program

(A) The ENS Scholarship Program

In line with Emirates National Schools' vision to support and nurture the Future's Leaders, and following His Highness Sheikh Mansour Bin Zayed Al Nahyan, Vice President, Deputy Prime Minister and Chairman of the Presidential Court of the United Arab Emirates directives which are aimed at empowering the children of the UAE

Director Gen. Office
P.O.Box: 44321
Abu Dhabi
U.A.E.
Emirates National Schools

to achieve excellence in their academic and professional careers, Emirates National Schools launches the scholarship program for outstanding and gifted students in its schools. This scholarship is open to students of determination, academically outstanding students, and gifted students from grades 6 to 12. This program embodies our commitment to fostering excellence, supporting gifted students, and developing distinguished skills and talents. Through this scholarship, we aim to ensure that our students receive the guidance and opportunities they need to achieve their highest potential and contribute to the nation's future success.

The Scholarship Program includes two categories:

1. **The Academic Merit Category**
   Open to students who have achieved success in their academic endeavors, such as obtaining a high GPA, participating in extracurricular activities, and demonstrating exceptional leadership.

2. **The Talented Category**
   Open to students with unique talents and skills in science and technology, arts, sports and athletics. This category recognizes outstanding achievements of students in their chosen fields.

   Each year, the program awards up to a total of 100 scholarships, covering between 25% and 100% of annual tuition fees. Students who are awarded Scholarships are selected based on specific criteria and conditions, with final selection approved by a designated Scholarship Committee.

   Please visit the ENS website at www.ens.sch.ae for more information and application details.

6. Communication, Partnership, and Involvement

(A) Official Communication Channels

Official communication regarding your child's academic progress, including grades and assignments, is shared by teachers through our learning management system, Toddle. General announcements and other formal correspondence are sent via official school email. For more information, you can always visit the school website **(www.ens.sch.ae).**

Your Point of Contact: The Parent Communication Office (PCO)

The Parent Communication Office (PCO) serves as your primary point of contact to facilitate communication and ensure your questions and concerns are addressed efficiently. If you wish to schedule a meeting with a teacher or administrator, please contact the PCO, who will coordinate with all parties to arrange a suitable time.

Privacy and External Communication

- **External Tutor Communication:** To protect student privacy, the disclosure of any academic information to an external tutor requires prior written permission from the Head of School or Campus Principal.
- **Conflict of Interest (Private Tutoring):** To ensure fairness and avoid any potential conflict of interest, ENS teachers are strictly prohibited from privately tutoring any student currently enrolled at any Emirates National Schools campus.
- **Official Channels:** All communication regarding school matters must be conducted through official, school-sanctioned channels (e.g., the school's communication portal - Toddle, official email addresses, or scheduled meetings).
- **Social Media Policy:** To maintain professional boundaries and protect the privacy of all community members, school employees are strictly prohibited from connecting with students or parents on personal social media

مدارس الإمارات الوطنية
Director Gen. Office
P.O.Box : 44321
Abu Dhabi
U.A.E.
Emirates National Schools

accounts. We require families to respect this policy by refraining from sending "connection", "friend", or "follow" requests to staff.

- **Appropriate Conduct:** All interactions must remain professional. Any communication (via any channel) that is harassing, illegal, inappropriate, or threatening is strictly prohibited. Such incidents will be addressed by school administration and may be reported to the relevant authorities.

(B) **Visitors and Volunteers**

All visitors must present photo identification to security at the front gate or to the receptionist, who will issue a Visitor Pass. The Visitor Pass must be worn and visible at all times on campus and must be returned to reception upon departure to retrieve the photo identification. Passes are issued at the discretion of the administration and are limited to parents or guardians conducting official school business.

Any visitor who is not a parent or guardian must be granted permission by Head of School or Campus Principal to be on campus.

I) Mandatory Lanyard Identification System

- In order to safeguard our students, everyone entering the school premises is required to wear a colored lanyard.
- Official signage is displayed at the gate of each school to inform the community of this mandatory requirement.
- The colored lanyards serve as a visual identification system to quickly indicate an individual's role, authorization status, and purpose while on campus.

مدارس الإمارات الوطنية
Director Gen. Office
P.O.Box : 44321
Abu Dhabi
U.A.E.
Emirates National Schools

(C) Volunteers

We believe that active parent involvement enriches our school community and provides a vital link between home and school. We warmly invite parents who wish to volunteer their time and skills to get involved.

- **How to Get Involved:** Parents interested in volunteering may contact the Head of School or Campus Principal to learn about available opportunities. All volunteer positions, from classroom support to event assistance, are communicated through our official channels, including school email and the Toddle platform.
- **Safeguarding and Clearances:** The safety and well-being of our students is our highest priority. In line with our safeguarding policies, all volunteers who will have direct contact with students are required to complete a formal screening process. This may include obtaining necessary approvals from the relevant ministry/education authority and/or completing a school-based assessment prior to being granted access. The school makes checks and interviews for all volunteers or external providers who regularly interact with students. They must complete a mandatory declaration showing they have read and understood the school child protection approach in advance of working with students.
- **Training:** Volunteers must also complete a full ENS Volunteer Training Program and sign an informed acknowledgment of the Child Protection and Safeguarding expectations before gaining access to the school facilities and students.

Please see the ENS Parent Volunteer Handbook for more details.

(D) Parent Partnership and Engagement

Parent-Teacher Association (PTA)

Each ENS campus has a vibrant Parent-Teacher Association (PTA) dedicated to fostering a strong community partnership. The PTA works to solve common problems, plan student activities, and build a supportive school environment. All parents are encouraged to participate; meetings are generally held monthly and are open to everyone. For more information and a schedule of meeting dates, please contact the Office of the Campus Principal.

Parent Advisory Council

The Parent Advisory Council is a formal body that works directly with school leadership to provide strategic feedback and recommendations. In line with the Student Code of Conduct, the Council's duties include analyzing school-wide trends, proposing initiatives to support school goals, and helping to reinforce the school's core values within the community. Council members are selected representatives from the PTAs of the schools on campus.

Parent-Teacher Conferences

Formal Parent-Teacher Conferences are held three times per school year, following the distribution of term grade reports. These conferences are a vital opportunity to discuss your child's academic progress and social development one-on-one with their teachers. Dates and booking information will be announced through all official channels. We highly encourage all parents to attend. If you have an urgent concern that cannot wait for a scheduled conference, please contact the Parent Communication Office (PCO) to arrange a meeting.

7. Student Code of Conduct

Emirates National Schools is dedicated to preparing future leaders by promoting good morals, positive behavior, and the values of patriotism. In compliance with all UAE Ministry of Education regulations and those of relevant education authorities, ENS has adopted a formal Student Code of Conduct (SCOC). To meet the developmental needs of all students, this policy is divided into two distinct frameworks: a formal Code of Conduct for Grades 5-12 and a Positive Behavior Framework for our younger learners in Pre-KG to Grade 4.

The SCOC is the primary policy defining behavioral expectations, the four levels of offenses for older students, and all disciplinary procedures. This policy is built upon the **Behavior Evaluation Framework**, a 100-point system used as an internal tool to monitor student progress, recognize positive contributions, and proactively trigger supportive interventions. This framework is evaluated separately from academics and does not contribute to a student's final academic average.

Parental Partnership and Required Forms

Parents are the school's primary partners in upholding these standards. All parents and students are required to sign a formal declaration acknowledging that they have read, understood, and will uphold the policies and responsibilities detailed in the full Student Code of Conduct. The required forms are the

"Parent Written Declaration" and the **"Student Written Declaration".**

The complete policy is available on the ENS website (www.ens.sch.ae).

8. Dress Code and School Uniform

All students must wear the approved ENS uniform at all times unless otherwise notified by the administration. Parents are strongly advised to place the student's name on the inside label of all uniform items.

1. Standard Academic Uniform

- **KG (Male):** White with red strip shirt (long or short sleeve) and navy-blue full-length trousers. A navy zipped winter jacket is required.
- **KG (Female):** White long-sleeve shirt with a long, navy-blue pinafore. A navy-blue zipped sweatshirt is required.
- **Grade 1-12 (Male):** White shirt (long or short sleeve) and dark gray full-length trousers.
- **Grade 1-12 (Female):** White long-sleeve shirt and dark gray full-length frock.
- **Grade 1-12 (All):** A dark gray zipped winter jacket is required.

2. Physical Education (PE) Uniform (All Grades)

- The required PE uniform for all students (KG-12) is the navy tracksuit with ENS logo, a white t-shirt, white socks, and white training shoes.

3. Appearance, Grooming, and Accessory Guidelines (All Students)

These guidelines are mandatory and align with the expectations of the Student Code of Conduct:

- **Shoes:** Simple black dress shoes must be worn with the standard academic uniform. Training shoes are for PE only.
- **Leggings:** It is forbidden for male or female students to replace the uniform bottoms (pants for males; skirt/ frock for females) with leggings.
- **Hair (Male Students):** Hair must be kept short, neat, and clean. Long hair is prohibited.
- **Hair (Female Students):** Hair must be neatly tied back and kept clean. Only simple hair accessories (in black, white, silver, gold/tortoiseshell, or grey) are allowed.

Director Gen. Office
P.O.Box : 44321
Abu Dhabi
U.A.E.
Emirates National Schools

- **Makeup:** Makeup of any kind is prohibited. Students will be asked to remove makeup, including nail polish and false nails.
- **Jewelry and Piercings:** Students may not wear jewelry. The only exceptions are a watch and (for girls) simple stud earrings. It is forbidden to wear earrings on any part of the body except for customary ear studs (girls). Prohibited items will be confiscated and kept by the administration until a parent retrieves them.

4. Non-Uniform Days and Cultural Guidelines

- During celebrations or open days where non-uniform attire is permitted, clothing must remain modest and appropriate. It is forbidden for female students to wear shorts (higher than mid-calf).
- All attire and personal presentation must be commensurate with the culture and traditions of UAE society. Any form of imitation of the opposite sex is strictly prohibited, which aligns with the offenses defined in the Student Code of Conduct.

5. Consequences

- Students who fail to adhere to the uniform and appearance policy will be corrected and subject to disciplinary action in accordance with the Student Code of Conduct.

For information on uniform suppliers, please visit the webpage at www.ens.sch.ae.

9. Health, Medications, and Emergencies

A) Health and Clinic Services

Clinic Team

Each school building has one or more licensed and dedicated medical clinics staffed with a registered nurse.

The Clinic Team provides first aid for school-related injuries, conducts health screenings, manages chronic and acute illnesses, intervenes with potential health problems, and promotes campus-wide health and safety.

If a student has special health needs (medications, chronic illness, allergies, or requires a special procedure), the parent must communicate all details to the school nurse to arrange for these needs. All medications and treatments require a physician's written instructions and a parent/guardian signature.

For safety and legal compliance, students are not permitted to carry or self-administer any medication (prescription or over-the-counter) on campus. All medications must be stored with and administered by the Clinic Team.
The Clinic Team maintains confidential student medical files in accordance with data privacy laws.

Health Forms Parents of newly enrolled students must complete and return the following forms:

- Health Form
- Immunization Record Consent and Declaration
- Administration of Prescribed Medication
- Copy of Vaccination Records
- Other forms as listed in the application documents

As required by health authorities, these forms must be complete. If the clinic lacks the required information or parental consent, ENS staff is legally restricted from offering healthcare services to your child.

Emergency Information

Director Gen. Office
P.O.Box : 44321
Abu Dhabi
U.A.E.
Emirates National Schools

The school must always have current contact details (address, email, and mobile numbers) for parents/guardians. The accuracy of this information is vital in an emergency. Please notify the administration immediately of any change in your contact details.

Illness or Injury

If you are contacted to pick up your sick child, please do so promptly. Students with contagious infections must stay home to prevent exposing others.

To prevent the spread of illness, please do not send your child to school if they have any of the following symptoms:

- Fever (temperature ≥37.5◦C / 99.5◦F)
- Vomiting (more than once) and/or persistent nausea
- Diarrhea
- Sore throat
- Persistent nasal discharge (runny/congested nose)
- Other flu-like signs and symptoms
- Persistent and severe pain (ear, stomach, etc.)
- A widespread, contagious rash or skin spots
- Head lice (pediculosis)
- Bacterial or viral pink eye (Conjunctivitis), especially with red, watery, painful eyes or yellow discharge.
- Fever, mouth sores, and skin rashes (commonly on the hands and feet)

Food Allergies

The school operates a strict nut-free policy to maximize student safety. Parents have the primary responsibility to notify the clinic and school staff regarding their children's allergies.

ENS recommends that students:

- Should not trade food with others.
- Should not eat anything with unknown ingredients or known allergens.
- Should immediately notify an adult if they eat something they believe contains an allergen.

Other Recommendations

- Any food brought in for sharing (e.g., for approved celebrations) must be free of nuts and nut products.
- Ensure your child eats breakfast and brings a refillable water bottle daily.
- Make sure your child gets 8 to 10 hours of sleep per night.
- Encourage good handwashing practices.
- Sneakers or tennis shoes are required for safe participation in PE/active play.
- Promote and practice active cough and respiratory etiquette (such as covering coughs and sneezes) to decrease the transmission of communicable illnesses.

B) Emergency Plans

An emergency is an event that threatens to disrupt the normal operations of the school. These events include but are not limited to fire, infectious diseases, and adverse weather. Emergencies such as these may happen inside or outside the school, during the school day, or after hours.

When a decision is made to close the school, the Campus Principal will ensure that all parents receive an SMS informing them of the situation. If the closure occurs during a school day, the parents will be notified and asked to pick up their child(ren). Students transported by school bus will be sent home by bus once parents are notified.

Fire and Other Emergency Evacuation Drills:

Director Gen. Office P.O.Box: 44321 Abu Dhabi U.A.E. Emirates National Schools

Fire and other safety drills are carried out each term/year to promote health and safety. These drills are practiced regularly and in alignment with local regulations. On hearing the fire alarm bell, all staff, visitors and students must leave the building immediately in a calm, orderly manner, proceeding to the pre-arranged assembly point. Fire escape routes are posted in all classrooms, corridors and offices. Exit arrows and signs are visible in corridors.

C) **Tobacco and Vaping-Free Environment**

ENS is committed to providing students, staff, and visitors with a safe environment free from tobacco and vapor products. The adverse health effects of tobacco use, vaping, and exposure to secondhand smoke or vapor are well-established.

Therefore, this policy strictly prohibits smoking, vaping, and the possession or use of any tobacco products, e-cigarettes, or related paraphernalia by any person on campus or during school activities.

This ban applies to all buildings, properties, and vehicles owned, leased, or operated by ENS. It also applies to any private vehicle used for school activities when other students or staff are present. Student violations of this policy are classified as a **Level 2 Offense** and will be disciplined according to the **Student Code of Conduct**.

10. Acceptable Use Policy (AUP) for Technology

Purpose

In line with the ENS mission, we provide technology access to facilitate educational resources, promote critical thinking, and teach digital citizenship. Technology use is intended to help learners conduct research, solve problems, create original work, and collaborate effectively.

Student Responsibilities

Use of ENS technology is governed by the following core responsibilities:

1. **Network Integrity and Security**

   Students must protect the integrity of the school network. Users will not use another person's account, misrepresent their own identity, damage hardware or software, spread malware, or attempt to gain unauthorized access (hack) to any school resources or documents. All school equipment must be used respectfully and for academic purposes.

2. **Privacy and Safety**

   Students must protect their own personal information online and are strictly prohibited from violating the privacy or safety of others. This explicitly includes the unauthorized photography, recording (audio or video), or distribution of images of any student or staff member, which is a direct violation of school policy and the SCOC.

3. **Digital Citizenship and Conduct: Students must use appropriate language online.**

   Cyberbullying, threatening, or harassing other users is classified as a serious offense. Students may not behave, speak, or share videos or content in any manner that negatively impacts the reputation of the school, its employees, or other students.

Director Gen. Office
P.O.Box : 44321
Abu Dhabi
U.A.E.
Emirates National Schools

4. **Legal and Ethical Compliance**

All technology use must comply with UAE Federal Decree-Law No. 34 of 2021 on Combating Rumors and Cybercrime. Students are forbidden from violating copyright laws or intellectual property rules. Accessing, downloading, or distributing any indecent material, or material that is offensive to Islam, the UAE, local customs, or other religions, is a severe violation and may be reported to external authorities.

5. **Digital and AI-Powered Platforms**

Students may use approved digital platforms and AI-supported learning tools only for educational purposes and under the direction of ENS staff. AI tools may support learning by helping students plan, practice, revise, and receive feedback; however, students remain responsible for the accuracy, originality, and appropriateness of their work. Students must not use AI or any digital platform to misrepresent authorship, complete assessments dishonestly, access inappropriate content, share harmful material, or violate the privacy, safety, or dignity of others. Students must not upload personal information, school documents, images, videos, voice recordings, or identifying information about themselves, other students, families, or staff into any unapproved platform or AI tool. Any misuse of digital platforms, school systems, devices, networks, or AI tools will be addressed in accordance with the Acceptable Use Policy and the Student Code of Conduct.

Consequences for Violations Using ENS technology resources is a privilege, not a right. If a student violates any terms of this policy, privileges will be terminated, and access to school technology resources will be denied. All violations will be addressed according to the Student Code of Conduct, which may result in disciplinary action up to and including suspension, expulsion, and referral to law enforcement agencies.

Digital and AI-Powered Platforms and Programs

Students may use approved digital platforms and AI-supported learning tools only for educational purposes and under the direction of ENS staff. AI tools may support learning by helping students plan, practice, revise, and receive feedback; however, students remain responsible for the accuracy, originality, and appropriateness of their work. Students must not use AI or any digital platform to misrepresent authorship, complete assessments dishonestly, access inappropriate content, share harmful material, or violate the privacy, safety, or dignity of others. Students must not upload personal information, school documents, images, videos, voice recordings, or identifying information about themselves, other students, families, or staff into any unapproved platform or AI tool. Any misuse of digital platforms, school systems, devices, networks, or AI tools will be addressed in accordance with the Acceptable Use Policy and the Student Code of Conduct.
