Teacher's notes/ Reminders ملاحظات المعلم والتذكير	**Critical focus:** Prevent plot summary from replacing literary analysis. • Weekly progression: • Context → narrative perspective → authorial craft → conceptual synthesis → early Paper 2 argument. • Students should increasingly answer: • What has Han Kang chosen to do? → How does the choice work? → Why might she have made this choice? → What larger idea does it develop? → Why is this significant? • Continue reinforcing: • CHOICE → EFFECT → MEANING → SIGNIFICANCE • Do not allow contextual information to become a history report. Context should only be used when it illuminates an authorial choice or interpretation.		

	• Paper 2 preparation begins through conceptual organization and argument construction, not premature full comparative essays.
