Week 9: October 26-October 30, 2026

الأسبوع #: من - إلى

Subject/الموضوع: Science **Unit Title عنوان الوحدة:** Unit 1 **Life Structure and Function** **Grade الصف: 6**

Lessons الحصص	Learning targets أهداف التعلم	Assessment tools and strategies التقييم Formative تكويني/ Summative ختامي / Differentiation التمايز	Resources and links for Parents و المصادر الروابط المخصصة لأولياء الأمور
Lesson 1 Revision Session 1	I can review and apply my understanding of cells, levels of organization, and body structures to prepare for the Unit 1 summative.	2.1 Clarify vocabulary and symbols using visuals, connections, and supports. 2.5 Use multiple media to illustrate concepts (diagrams, videos, models). 6.4 Support progress monitoring with rubrics, checklists, and visual progress tools.	Study Guide and Essential Readings for Summative 1 shared in Toddle and Teams. Weeks 2-5 Study folders available in Teams
Study Lesson 2 Revision Session 2	I can review and apply my understanding of cells, levels of organization, and body structures to prepare for the Unit 1 summative.	2.1 Clarify vocabulary and symbols using visuals, connections, and supports. 3.1 Activate prior knowledge using organizers, links, and pre-teaching. 8.2 Vary challenge level with differentiated tools, resources, and difficulty.	Study Guide and Essential Readings for Summative 1 shared in Toddle and Teams. Weeks 2-5 Study folders available in Teams
Lesson 3 Summative	I can demonstrate my understanding of all the lessons covered by applying scientific knowledge, interpreting information, and explaining scientific concepts accurately.	2.1 Clarify vocabulary and symbols using visuals, connections, and supports. 8.2 Vary challenge level with differentiated tools, resources, and difficulty. 3.1 Activate prior knowledge using organizers, links, and pre-teaching.	Students must bring pen/pencil NO DEVICES ALLOWED DURING SUMMATIVES
Lesson 4 GRASP	I can understand the GRASP task requirements, plan my approach, and create a response that meets the assessment criteria.	2.1 Clarify vocabulary and symbols using visuals, connections, and supports. 8.2 Vary challenge level with differentiated tools, resources, and difficulty. 3.1 Activate prior knowledge using organizers, links, and pre-teaching.	Week 9 Study Materials Folder in Teams
Homework الواجبات	**STUDY FOR SCIENCE SUMMATIVE**		

Teacher's notes/ Reminders **ملاحظات المعلم والتذكير**	**GIRLS SCHOOL SUMMATIVE 1 – THURSDAY OCTOBER 29, 2026 (Ms. Stacey)** Please encourage your child to review and practice Science regularly each week using the resources available in their class **Microsoft Teams - class material folder which is organized by week**. The presentations, readings, videos, practice activities, etc. posted in Teams are the primary learning materials and should be used throughout the unit to support understanding and achievement. Science study guides will provide **basic *assessment information, topics, and expectations***; however, they are intended as a guide only and will **not contain detailed study materials,** these are found in the class teams. **Effective preparation for graded formatives and summatives requires students to actively engage with the learning materials provided in their class teams.** Thank you for partnering with us to support your child's learning and success.

Week # الأسبوع#

Technology Integration دمج التكنولوجيا	Inspire Science Digital Interactives, PPT
Cross-curricular links الروابط بين المواد الدراسية	**ELA** – Scientific vocabulary and evidence-based explanations using models and observations.
External Assessment Integration دمج التقييمات الخارجية	MAP
Wellbeing/ ATL Skills الصحة النفسية/ أساليب التعلم	**Thinking – Critical Thinking:** Analyse evidence to explain how cells, body systems, and support structures work together to maintain the functioning and survival of multicellular organisms. **Research – Information Literacy:** Gather and interpret scientific information to identify cell structures, types of skeletons, plant support structures, and organs involved in digestion, nutrient absorption, energy supply, and waste removal.
Standards المعايير	**MS-LS1-3 (Life Science — Structure and Function):** Use argument supported by evidence for how the body is a system of interacting subsystems composed of groups of cells.
Inquiry/ TOK Question البحث والاستقصاء أسئلة TOK	How does scientific knowledge help us understand how living organisms function and make informed decisions about health and wellbeing?
Success Criteria معايير النجاح **(Measurable)**	**Lessons 1 and 2** MUST – DOK 1–2: I can identify and describe the characteristics of living things, cell structures and their functions, levels of organization, and functions of the skeletal system. SHOULD – DOK 2–3: I can apply my scientific knowledge to explain how cells, levels of organization, and body structures function in different situations. COULD – DOK 3–4: I can analyze models and unfamiliar situations and justify a scientific conclusion using accurate evidence and reasoning. **Lesson 3 -Summative** **MUST:** I can **recall and describe** key scientific knowledge accurately. **SHOULD:** I can **apply my scientific knowledge** to answer questions and explain my reasoning. **COULD:** I can **analyze models and unfamiliar situations** and **justify conclusions using accurate scientific evidence**.

	Lesson 4: **Must – DOK 1:** I can identify the GRASP task requirements, deliverables, and assessment criteria. **Should – DOK 2:** I can explain what I need to do and organize the steps needed to complete the task successfully. **Could – DOK 3:** I can develop a plan and justify how my approach will meet the assessment criteria and demonstrate my learning.
National Identity Domain **مجالات الربط بالهوية الوطنية**	Belonging الإنتماء Global Understanding التفاهم العالمي Heritage التراث
	المجال Area: Students recognize the importance of maintaining a healthy lifestyle, understanding the human body, and appreciating scientific knowledge that supports community health and wellbeing in the UAE.
	التطبيق Implementation: National Identity (Wellbeing and Healthy Lifestyle – Health Awareness and Responsibility): Students connect their understanding of cells, body systems, support structures, and life processes to healthy lifestyle choices and wellbeing in the UAE.
