**Week 9: October 26-October 30, 2026**

**الأسبوع #: من - إلى**

**Subject/الموضوع:** Science **Unit Title عنوان الوحدة:** Unit 1 Understanding Matter **Grade الصف: 6**

| Lessons الحصص | Learning targets أهداف التعلم | Assessment tools and strategies التقييم Formative تكويني/ Summative ختامي / Differentiation التمايز | Resources and links for Parents و المصادر الروابط المخصصة لأولياء الأمور |
|---|---|---|---|
| **Lesson 1 Revision Session 1** | I can review and apply my understanding of matter, energy, physical and chemical changes, gas laws, and particle models to prepare for the Unit 1 summative. | 2.1 Clarify vocabulary and symbols using visuals, connections, and supports.<br>2.5 Use multiple media to illustrate concepts (diagrams, videos, models).<br>6.4 Support progress monitoring with rubrics, checklists, and visual progress tools. | Study Guide and Essential Readings for Summative 1 shared in Toddle and Teams.<br>Weeks 2-5 Study folders available in Teams |
| **Lesson 2 Revision Session 2** | I can review and apply my understanding of matter, energy, physical and chemical changes, gas laws, and particle models to prepare for the Unit 1 summative. | 2.1 Clarify vocabulary and symbols using visuals, connections, and supports.<br>3.1 Activate prior knowledge using organizers, links, and pre-teaching.<br>8.2 Vary challenge level with differentiated tools, resources, and difficulty. | Study Guide and Essential Readings for Summative 1 shared in Toddle and Teams.<br>Weeks 2-5 Study folders available in Teams |
| **Lesson 3 Summative** | I can **demonstrate my knowledge and understanding of matter, thermal energy, gas laws, and chemical and physical changes by applying scientific reasoning to different situations.** | 2.1 Clarify vocabulary and symbols using visuals, connections, and supports.<br>8.2 Vary challenge level with differentiated tools, resources, and difficulty.<br>3.1 Activate prior knowledge using organizers, links, and pre-teaching. | Students must bring pen/pencil<br>NO DEVICES ALLOWED DURING SUMMATIVES |
| **Lesson 4 GRASP** | I can understand the GRASP task requirements, plan my approach, and create a response that meets the assessment criteria. | 2.1 Clarify vocabulary and symbols using visuals, connections, and supports.<br>8.2 Vary challenge level with differentiated tools, resources, and difficulty.<br>3.1 Activate prior knowledge using organizers, links, and pre-teaching. | Week 9 Study Materials Folder in Teams |
| **Homework الواجبات** | **STUDY FOR SCIENCE SUMMATIVE** | | |

| | |
|---|---|
| **Teacher's notes/ Reminders**<br>**ملاحظات المعلم والتذكير** | **GIRLS SCHOOL SUMMATIVE 1 – THURSDAY OCTOBER 29, 2026 (Ms. Stacey)**<br><br>Please encourage your child to review and practice Science regularly each week using the resources available in their class **Microsoft Teams - class material folder which is organized by week**. The presentations, readings, videos, practice activities, etc. posted in Teams are the primary learning materials and should be used throughout the unit to support understanding and achievement.<br><br>Science study guides will provide **basic *assessment information, topics, and expectations***; however, they are intended as a guide only and will **not contain detailed study materials,** these are found in the class teams.<br><br>**Effective preparation for graded formatives and summatives requires students to actively engage with the learning materials provided in their class teams.**<br><br>Thank you for partnering with us to support your child's learning and success. |

**Week # الأسبوع#**

| | |
|---|---|
| **Technology Integration** دمج التكنولوجيا | Inspire Science Digital Interactives, PPT |
| **Cross-curricular links** الروابط بين المواد الدراسية | **ELA** – Scientific vocabulary and evidence-based explanations using models and observations. |
| **External Assessment Integration** دمج التقييمات الخارجية | MAP |
| **Wellbeing/ ATL Skills** الصحة النفسية/ أساليب التعلم | **Thinking – Critical Thinking:** Analyze scientific evidence and observations to explain how energy, temperature, and pressure affect the behavior and states of matter, compare physical and chemical properties, and distinguish physical changes from chemical reactions using evidence to justify conclusions.<br>**Research – Information Literacy:** Gather and interpret scientific information to identify patterns in the properties and behavior of matter and use evidence to explain and predict changes in substances. |
| **Standards** المعايير | MS-PS1-1 – Develop models to describe the atomic composition of simple molecules and extended structures.<br><br>MS-PS1-2 – Analyze and interpret data on the properties of substances before and after the substances interact to determine if a chemical reaction has occurred.<br><br>MS-PS1-4 – Develop a model that predicts and describes changes in particle motion, temperature, and state of a pure substance when thermal energy is added or removed. |
| **Inquiry/ TOK Question** البحث والاستقصاء أسئلة TOK | How do scientists use evidence and observations to distinguish between physical and chemical changes and explain how temperature, energy, and pressure affect matter? |
| **Success Criteria** معايير النجاح **(Measurable)** | Lessons 1 and 2<br>**MUST – DOK 1–2:** I can **describe** key concepts about particles, states of matter, thermal energy, gas laws, and physical and chemical changes.<br>**SHOULD – DOK 2–3:** I can **apply my scientific knowledge** to explain particle behavior, energy changes, gas relationships, and changes in matter. |

| | |
|---|---|
| | **COULD – DOK 3–4:** I can **analyze models, graphs, and unfamiliar situations** and **justify conclusions using accurate scientific evidence and reasoning**.<br><br>Lesson 3<br>**MUST:** I can **recall and describe** key scientific concepts about matter, particles, thermal energy, gas laws, and physical and chemical changes.<br>**SHOULD:** I can **apply scientific knowledge** to explain particle behavior, energy changes, gas relationships, and changes of state.<br>**COULD:** I can **analyze models, graphs, and unfamiliar situations** and **justify conclusions using accurate scientific evidence and reasoning**.<br><br>Lesson 4<br>**MUST:** I can **identify** the goal, role, audience, situation, product, and expectations of the GRASPS task.<br>**SHOULD:** I can **explain** what I need to demonstrate for each assessment criterion and identify the evidence I will need to include.<br>**COULD:** I can **develop a clear plan** for completing the GRASPS task successfully, including the key steps, resources, and evidence needed. |
| **National Identity Domain**<br>**مجالات الربط بالهوية الوطنية** | Conservation الحفاظ علي البيئة Global Understanding التفاهم العالمي Heritage التراث |
| | المجال Area: المجال Area: Students recognize the importance of scientific knowledge in understanding the properties of matter, changes in substances, and the role of energy, temperature, and pressure in everyday life and the UAE's scientific and technological development. |
| | **التطبيق Implementation:** National Identity (Scientific Awareness and Innovation – Sustainable Living and Everyday Applications): Students connect their understanding of matter and its changes to real-life applications in the UAE, including the properties of local materials, chemical changes in everyday products, and the effects of temperature and pressure in the UAE's environment and industries. |
