Abu Dhabi City Campus Daily/Weekly Planner

Week 9: 26–30 October 2026

Subject: Design | Unit Title: Web Design Fundamentals | Grade: 9

Lessons	Learning targets	Assessment tools and strategies Formative/ Summative/ Differentiation	Resources and links for Parents
Lesson 1: HTML Links & Images	• I can create a webpage with working internal and external links and an image with meaningful alt text.	**Formative: Check a mini webpage for two functioning links and an accessible image. Differentiation: Guided HTML starter code; challenge to improve navigation and accessibility.**	Lesson PowerPoint and HTML starter file (Teams). Links and images practice checklist.
Lesson 2: Tables & Design Specification	• I can create an HTML table and write measurable design specifications for my website (B.i).	**Formative: Review HTML table and Criterion B.i specification checklist. Differentiation: Worked model and sentence starters; extension to justify user needs.**	Lesson PowerPoint and HTML practice file (Teams). Design specification template.
Lesson 3: Website Ideas & Final Choice	• I can sketch three annotated webpage ideas and justify my final choice using design specifications (B.ii–B.iii).	**Formative: Review three wireframes, peer feedback and reasoned final choice. Differentiation: Scaffolded wireframe sheet; extension comparing options against criteria.**	Lesson PowerPoint (Teams). Wireframe sheet and peer-feedback checklist.
Homework	• Optional: Review HTML skills and refine website sketches.	Self-check: Identify and correct one technical or design issue.	Class practice materials on Teams.
Teacher's notes/ Reminders	Catch-up week: consolidate links, images, tables and accessibility, then begin Criterion B.i–B.iii. No summative assessment this week. Keep HTML practice files and draft Criterion B evidence.		

Week 9

Technology Integration	HTML editor/browser for coding practice; PPTs, templates and feedback shared on Teams.
Cross-curricular links	English: clear audience-appropriate writing. Business/Media: purpose and audience. Design: layout and visual communication.
External Assessment Integration	No external assessment. Retrieval questions, practical checks and peer feedback support readiness.
Wellbeing/ ATL Skills	ATL: creative and critical thinking, communication, collaboration and self-management. Wellbeing: constructive feedback and inclusive design.
Standards	PG 4 / CS.HS.2.1: Computing Systems & Networks (navigation). PG 7 / CS.HS.3.2: Computer Programming (HTML images/tables). PG 1 / CS.HS.1.2: Computational Thinking (specifications). PG 5 / CS.HS.2.5: Computing Systems & Networks (stakeholder needs). MYP Design: C.ii (practice); B.i–B.iii (developing ideas).
Inquiry/ TOK Question	How can I design a personal multi-page website that uses structure and design principles to communicate effectively with a specified audience?
Success Criteria (Measurable)	MUST: Test an internal and external link; add an image with alt text and a table; write three measurable criteria; sketch three annotated designs and choose one. SHOULD: Explain audience benefits and revise a design based on peer feedback. COULD: Compare design alternatives and justify accessibility improvements.
National Identity Domain	Culture: Represent UAE heritage, innovation or entrepreneurship appropriately in website content. Values: Digital citizenship, respect, inclusion and responsible image use.
